Can miracles stand up to the test of science?

- Exclusive film footage of a stigmatist who bleeds from her hands, feet, and head. Are these the wounds of Christ? *What does science have to say?*
- A consecrated Communion Host becomes living flesh and blood. Is it heart tissue? *What does science have to say?*
- A scientist (former atheist), an attorney and a famous TV Journalist witness statue of Jesus weeping real tears and shedding real blood. Are these claims true? *What does science have to say?*

Saint Jude Catholic Church is hosting an **EVENT** for everyone in the area. If you have an “I will believe it when I see it” attitude, don’t miss this event!
